Online Learning Testimonies

Theological training can be accessed anywhere at any time through the power of Technology. We thank God for the Technology. Therefore, Apollos Bible Institute (ABI) in June, 2026 rolled out its theological training courses online in partnership with Thirdmill Institute. To the glory of God below are testimonies from our degree students.

"My experience was very enriching. The course grounded me in the basics of Scripture and helped me understand how to read, interpret and apply the Bible correctly. The content was clear, practical, and Spirit-led." **Pastor Kelly Banda**, Grace Christian Fellowship, Chililabombwe, Copperbelt Province.

Pastor Lolani Mathias Mwanza of Nyimba district Eastern Province also shared the following;

"In These first courses i have experience something different from what I studied some where and the materials are good and well understood. Even quizzes are very good and building spiritually."

However, the students did not just share their experiences others also highlighted how they intend to use the what they are learning. **Pastors Emmanuel Chilufya Mfula** of Kitwe district Copperbelt of Zambia shared the following;

"To teach others who may teach others also and also teach my leaders in the church."

Meanwhile, Reagan Simau of Solwezi district North Western Province of Zambia shared that he plans

"To help others to know the things which are first needs to be known and understand when approaching the bible so that it helps them know the bible and able to communicate the truth about the bible and God and also be able to collect the many errors have been preached."

ABI Centres and Lecturers

To the glory of God we currently have thirty-two (32) centres across the ten (10) provinces of Zambia namely Central, Copperbelt, Eastern, Lusaka, Northern, North Western and Western provinces as well as sixty four (64) lecturers who most of them are pastors and have given their time and churches to teach and being used for teaching respectively in across the fourteen (14) districts. As Apollos Bible Institute, we have our arms and hearts open to receive brothers and sisters in Christ, who feel the Lord is calling them to teach others in theological training, so they can explain God's word more accurately. Therefore, if you are the one please call or WhatsApp the Academic Dean Pastor Shadreck Mutale on +260 968471900 or or email him at smutale@abizambia.com.

A word from the Principal

Be wise! Serve Others! Life is too short, but full of toil and trouble (Job 14:1-2). The comfort is that our Saviot, Jesus Vhtist, knows it and prays for our preservation and protection resulting unquenceable joy in serving him through serving others (John 11,13, 17, -19). Thus, the reason for life and ministry is ministering to people. Therefore, though ministers need periodic rest and renewal to continue doing God's work effectively, they should be flexible enough to minister to people if need be even when they are trying to rest! After all, there is no perfect rest this side of life (Mark 6:30-31).

Solwezi Block Class

BLOCK CLASSES

From 4th to 6th September, 2026 a theological block class was held in Solwezi district of North Western Province at Pentecostal Holiness Church. Block classes provide intensive training for students who may not be available for usual daily classes due to various reasons including distances to training centers.
